

## OBJECTIVES

<b>TEAM ID</b>	PNT2022TMID53623
<b>PROJECT NAME</b>	A GESTURE BASED TOOL FOR STERILE BROWSING OF RADIOLOGY IMAGES

**We can Able to lean few concepts which is related to A Gesture-based Tool for Sterile Browsing of Radiology Images such as:**

- Know fundamental concepts and techniques of the Artificial Neural Network and Convolution Neural Networks
- Gain a broad understanding of image data.
- Work with Sequential type of modeling
- Work with Keras capabilities
- Work with image processing techniques
- Work with OpenCV
- know how to build a web application using Flask framework.
